

OZONE DEPLETING CHEMICALS DECLARATION OF CONFORMANCE

January 10, 2021

Declaration

This is to certify that the Ozone Depleting Chemicals (ODC) are not contained in NVIDIA products; additionally they are not used in the manufacturing process of NVIDIA sub-tier suppliers.

Montreal Protocol was implemented by Israel in 2004 stating limitations on import, manufacturing, and export of products containing ODC.

ODC are prohibited in the manufacturing of NVIDIA products according to NVIDIA hazardous material control procedure.

A handwritten signature in blue ink, appearing to read "Isabella Schneider".
